COMMUNITY MEETING

MAY 31ST, 2017

6 PM

**CAFETERIA OF BEL AIR MIDDLE SCHOOL
8040 YERMOLAND DRIVE**

In conjunction with the Office of City Representative Lily Limón of District 7, the City of El Paso's Capital Improvement Department has scheduled a pre-construction community meeting in order to inform the public of the construction schedule for E.L. Williams Park located at 752 Lafayette Drive.

The project consists of the construction new parking area, the installation of a new canopy covered playground, the construction of a rock-wall enclosure which will surround the existing playground equipment, the installation of a wood fiber chip surface for the playground to protect children during slips and falls, picnic units, park benches, a bicycle rack, trash receptacles, an ADA accessible walking path with LED lighting, landscaping and trees with their own irrigation system.

The total budget for the design and construction of improvements to E.L. Williams Park is approximately \$723,000, and are scheduled for completion in the late fall of 2017. The construction schedule can be modified in order to accommodate any unforeseen conditions or events.

The improvements to E.L. Williams Park are funded by a Community Development Block Grant (CDBG). CDBG funds have a major impact in communities throughout El Paso, they not only improve parks, but they also enhance housing and neighborhood facilities such as community centers, senior citizen centers, libraries, and streets, building a sense of community pride.

This project is part of the City of El Paso's commitment to enhance the quality of life for business, residents and visitors alike.
